

# Soul to Soul

## Verse 1

When we are gone  
it's too late to say goodbye  
Maybe we're strong  
Don't let go, don't let it under the skin

But let's look ahead  
no fight no tears just stay here by me  
The past has passed  
Living in the moment, ain't no sorrow anymore

## Bridge

Lets get into it  
That's all about it  
Made of soul that's what we are

## Chorus

Talk about  
Talk about you and me  
that's the ABC  
let's get soul to soul

Think about  
the way it has to be  
and all that could be  
let's do it soul to soul

## Verse 2

Maybe I'm wrong  
let's find out, let's talk about it  
Then we will see  
things are easy to achieve for you and me

## Solo

## Chorus 2x
